	Flood Zone:					
Regulatory Floo Inside Regula	•		Outside Regulat	ory Floodway	No Regulatory Floodway	
Development St			Outside Regulati	ory r loodway		
1. If Inside I	Regulatory Flood	lway is checked at	oove, attach engine	ering certification a	nd supporting data as required.	
2. Base floo	Base flood elevation (BFE) per FIRM at development site (NGVD).					
	Regulatory flood elevation at development site (BFE + locally adopted freeboard): (NGVD).					
4. Elevation	Elevation in relation to mean sea level (MSL) at or above which the lowest floor (including basement) must be constructed (NGVD).					
	Elevation in relation to mean sea level (MSL) at or above which all attendant utilities to include, but not limited to, all heating, air conditioning and electrical equipment must be installed (NGVD).					
	Will garage (if applicable) be used for any purpose other than parking vehicles, building access, or storage?  If yes, then the garage must be used in determining the lowest floor elevation.					

7.	Proposed method of elevating the structure:						
	(a) If foundation wall is used - provide minimum of 2 openings						
	(b) Total area of openings required:(1 sq. inch per sq. foot of enclosed footprint area below BFE)						
8.	Will any watercourse be altered or relocated as a result of the proposed development?						
	attach a description of the extent of the alteration or relocation.						
9.	Floodproofing information (if applicable):						
	Elevation in relation to mean sea level (MSL) to which structure shall be floodproofed (NGVD).						
10.	. Submit a copy of the complete elevation certificate based on construction drawings with a site plan and a \$150.00 fee.						
11.	1. Copy of USACE Permit if wetlands or water are to be impacted.						
prio regi	ormation being correct and that the plans and supporting data have been or shall be provided as required. I also understand that or to occupancy of the structure being permitted, an elevation and/or floodproofing certificate signed by a professional engineer or istered land surveyor must be on file with Watauga County Planning and Inspections indicating the "as built" elevations in relation to an sea level (MSL).
